We do not have responsibility with missing file of this book.

Hailey Abbott's Summer Boys takes a weepy turn in this story of one girl's attempt to tell her childhood friend how she really feels about him.

Alex thought she'd be spending the summer focused on her family's rafting business, burying the memories of her father's death last year, and leaving behind all the messes she made in its wake.

But when Sean returns to town, she is forced to reckon with her mixed-up crushy feelings for him - more powerful than ever before. It takes another tragedy to make Alex realize Sean has loved her, and forgiven her, all along.
